Hi Manoj-

Attached is the testing protocol for St. Francis, as requested. Within the next week I plan on following up with you on two topics we discussed a couple days ago on our call:

1. Test Date
2. Site conditions for the testing – specifically which drums we plan to process during the testing. This is a difficult topic for us given our operation.

If you have any questions, please don't hesitate to give me a call. Thanks and have a great weekend!
